

Features:

- Round type handle
- High-quality welded steel construction with a durable powder coat finish
- Easy-to-use with single hand operation, fingertip controls and 180° turning radius
- Extra wide P.U. / Nylon steer wheels provide a smooth, quiet ride with added traction and stability
- Wheel bearings are double sealed and lifetime lubricated

Convenient three-position control lever in the handle provides easy one-handed fingertip operation. The neutral position frees the handle of all hydraulic functions. The handle returns to the upright position when not being used.

Unique welded-seam pressure pump has overload and top-of-stroke bypass valves to protect from misuse. Grease fittings are conveniently located, allowing easy lubrication.

Capacity (kg)	2500 / 3000			
Fork Width (mm)	B	520	550	685
Fork Length (mm)	A	1070	1100	1220
Min. Fork Height (mm)	D	65 / 74 / 80		
Max. Fork Height (mm)	E	185 / 190 / 200		
Front Wheel	Single / Double			
Material of Front Steering Wheel	Polyurethane (P.U.) / Nylon			
Weight (kg)	75 ~ 110
